[57] **CLAIM**

The ornamental design for a portion of a crib, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of a portion of a crib showing our new design;
FIG. **2** is an elevational view of a first side of the portion of a crib;
FIG. **3** is an elevational view of a second side of the portion of a crib opposite that shown in FIG. **2**; and,
FIG. **4** is a bottom plan view of the portion of a crib.
The broken line showing of the remainder of the crib is for illustrative purposes only and forms no part of the claimed design.
