CLAIM
The ornamental design for a compact stun gun device with flashlight and alarm siren, as shown and described.

DESCRIPTION
FIG. 1 is a top view of the compact stun gun device with flashlight and alarm siren, showing surface design;
FIG. 2 is a bottom view of the compact stun gun device with flashlight and alarm siren, showing surface design and speaker placement and design.
FIG. 3 is a side view of the compact stun gun device with flashlight and alarm siren, showing a surface design and an off/on switch.
FIG. 4 is a front view of the compact stun gun device with flashlight and alarm siren, showing the placement of electric contacts.
FIG. 5 is a rear view of the compact stun gun device with flashlight and alarm siren, showing the placement of a port for connecting a pin to enable/disable various features of the device; and
FIG. 6 is a perspective view of the compact stun gun device with flashlight and alarm siren, showing the top with surface design, speaker placement and speaker design, and a side of the device.
