CLAIM

The ornamental design for a hand-held antenna system, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a hand-held antenna system showing an embodiment of our new design.
FIG. 2 is a front elevational view thereof.
FIG. 3 is a right side elevational view thereof.
FIG. 4 is a top plan view thereof.
FIG. 5 is a left side elevational view thereof.
FIG. 6 is a rear elevational view thereof.
FIG. 7 is a bottom plan view thereof.
FIG. 8 is an isometric view of a hand-held antenna system showing another embodiment of our new design.
FIG. 9 is a front elevational view thereof.
FIG. 10 is a right side elevational view thereof.
FIG. 11 is a top plan view thereof.
FIG. 12 is a left side elevational view thereof.
FIG. 13 is a rear elevational view thereof; and,
FIG. 14 is a bottom plan view thereof.

Stippling and contour lines shown in the drawings are intended to represent the approximate three-dimensional contours of the design, and is not intended to indicate surface decoration. The broken lines in the figures are for illustrative purposes only and form no part of the claimed design.
