The ornamental design for modular public seating, as shown and described.

DESCRIPTION

FIG. 1 is a front, left perspective view of the modular public seating;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a left side elevation view thereof, the right side being a mirror image thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a rear elevation view thereof; and,
FIG. 7 is a front, left exploded perspective view thereof showing all the component parts separated in spatial relation to one another.
FIGS. 1-7 show the modular public seating of the claimed design.

The modular public seating is intended for use in any public seating area such as an airport terminal, train station, bus depot, waiting room, sports arenas, and the like.
