CLAIM
The ornamental design for electronic computer, as shown and described.

DESCRIPTION
FIG. 1 is a perspective view of electronic computer showing our new design,
FIG. 2 is a front elevational view thereof,
FIG. 3 is a rear elevational view thereof,
FIG. 4 is a left side elevational view thereof,
FIG. 5 is a right side elevational view thereof,
FIG. 6 is a top plan view thereof,
FIG. 7 is a bottom plan view thereof,
FIG. 8 is a perspective view thereof wherein the keyboard section is shown separated from the main body,
FIG. 9 is a front elevational view of the main body thereof without the keyboard; and,
FIG. 10 is a rear elevational view of the keyboard section after being separated from the main body of the computer.
The broken lines are shown in the views for environment only and form no part of the claimed design.
