CLAIM

The ornamental design for an architectural structure, as shown and described.

DESCRIPTION

FIG. 1 is a top front perspective view of an architectural structure showing our new design;
FIG. 2 is a top rear perspective view thereof;
FIG. 3 is a bottom front perspective view thereof;
FIG. 4 is a front view thereof;
FIG. 5 is a rear view thereof;
FIG. 6 is a left side view thereof;
FIG. 7 is a right side view thereof;
FIG. 8 is a top view thereof;
FIG. 9 is a bottom view thereof; and,
FIG. 10 is a side view thereof showing the architectural structure in an example environment.

The broken lines in FIGS. 1-9 show portions of the architectural structure. The broken lines in FIG. 10 show trees and a ground line which are environmental subject matter as well as portions of the architectural structure, those parts below the ground line being shown in cross-section. None of the broken lines form any part of the claimed design.

The dot-dash lines in the Figures show unclaimed boundaries that form no part of the claimed design. The oblique shade lines in the Figures show transparency and not surface ornamentation. The stipple shading in the Figures shows contrast and not surface ornamentation. For example, the areas with stipple shading may appear translucent.
