Primary Examiner — Freda S Nunn

The ornamental design for “keyboard and planar display support,” as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a “keyboard and planar display support”, showing my new design;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a right side elevation view thereof;
FIG. 4 is a back elevation view thereof;
FIG. 5 is a left side elevation view thereof;
FIG. 6 is top plan view thereof;
FIG. 7 is a bottom plan view thereof;
FIG. 8 is a rear perspective view of a the display support portion in FIG. 1, omitting the keyboard support portion;
FIG. 9 is a rear elevation view thereof;
FIG. 10 is a front perspective view thereof, omitting the supported display shown in broken lines in FIG. 1;
FIG. 11 is a front elevation view thereof, omitting the supported display shown in broken lines in FIG. 1;
FIG. 12 is a right side elevation view thereof, the left side elevation view being the mirror image thereof;
FIG. 13 is a top plan view thereof;
FIG. 14 is a bottom plan view thereof;
FIG. 15 is a front perspective view of the “keyboard and planar display support”, when a keyboard is in a retracted position behind the display support portion, which is rotated to a “landscape” format;
FIG. 16 is a front perspective view of the “keyboard and planar display support”, when a keyboard is in a lowered position below the display support portion; and,
FIG. 17 is a front perspective view of the “keyboard and planar display support”, when a keyboard is in a lowered position below the display support portion, which is rotated to a “portrait” format.

The broken line showings in FIGS. 1-13, 15-17 are for illustrative purposes only, depicting the environment of the new design, forming no part thereof as claimed.
