CLAIM

The ornamental design for a dual beam aiming laser, as shown and described herein.

DESCRIPTION

FIG. 1 illustrates a first top perspective view of a dual beam aiming laser of our new design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 2 illustrates a second top perspective view of a dual beam aiming laser of our new design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 3 illustrates a third top perspective view of a dual beam aiming laser of our new design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 4 illustrates a fourth top perspective view of a dual beam aiming laser of our new design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 5 illustrates a first side view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 6 illustrates a second side view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 7 illustrates a front end view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 8 illustrates a back end view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.

FIG. 9 illustrates a top view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only; and,

FIG. 10 illustrates a bottom view of our design; that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.
