CLAIM
The ornamental design for a portion of a display screen with
graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an image of a portion of a display
screen with graphical user interface;
FIG. 2 is a front view of a second image thereof;
FIG. 3 is a front view of a third image thereof;
FIG. 4 is a front view of a fourth image thereof;
FIG. 5 is a front view of a fifth image thereof; and,
FIG. 6 is a front view of a sixth image thereof.
The appearance of the image transitions sequentially between
the images shown in FIGS. 1-6. The process or period in
which an image transitions to another forms no part of the
claimed design.
The broken line showings of portions of a display screen and
other features in the figures are environmental only and form
no part of the claimed design.
